Farmers and Threshermen !- Your Harvest Help Requires Wholesome Meat this Season

The men will gladly "Roll-out" in the morning, if
they know that the cook is going to give them the
Bacon and Ham that he knows we handle. It is
along time until dinner but they are satisfied when
the roast beef or pork is what we supply. Oh! that
lunch in the afternoon is what hits the spot if the
filling for the sandwiches comes from this shop.
As soon as they have eaten the lunch, they begin to
say, "Supper is going to be lickin' good because
we know where the Boss bought the meat."

Board of Trade Meet

Last Thursday evening, Dr.
Swartzlander called to order
the Board of Trade meeting in
Hoskins's store. Many were in
attendance and it is hoped that
large crowds attend the meet-
ings which are always held on
the first Thursday of every
month.

The correspondence re the
Bank was read, and it was filed
away for future reference. The
other correspondence was duly
dealt with.

It was learned that the De-
partment of Agriculture were
intending to put a demonstra-
tion farm on this line. The
Board are endeavoring to have
the Experimental Farm at this
point.

As it is an inconvenience to
go to other towns to attend the
Sittings of the Court, this body
is trying to arrange for the
Court to sit here twice a year.

Other business of minor im-
portance was taken up. The
matters taken up at these meet-
ings are of vital importance to
the people of this district. The
first Thursday of every month
is meeting night.

Grand Patriotic Rally in Oyen

It is the duty of every person
in Oyen and nearby districts
to attend the Patriotic Rally,
which will be held Friday even-
ing, Sept. 15th, at eight o'clock
in the Oyen Methodist Church.

At a recent convention in
Calgary, Acadia, Consistency
was assessed the sum of seven
thousand dollars; two thousand
dollars of which must be raised
in Oyen and vicinity. The so-
ciety needs your co-operation in
raising this amount. Two
thousand dollars seems a big
amount but taking the popula-
tion of this territory, it figures
out only a small amount for
each person, that is, if we all
contribute our share.

Among the speakers, who will
be present at this meeting, will
be the Hon. Charles Stewart,
Minister of Public Works, J. A.
McColl, M. L. A., and Mr. Rufus
Cates of Fairview. A good
program of Patriotic songs will
be given.

This is a matter of grave im-
portance, and everyone should
do his bit. If we can not do
our share in the trenches, we
should do it here, so that the
boys who are at the front will
know that those who are de-
pendent upon them are being
well cared for at home. If we
do this, it will not be long until
the Germans are defeated.

Oyen and Territory Well Represented at the Front

Since we first published the Honor Roll, it has more than doubled itself in the number of members. Therefore, since last April, this district has supplied over seventy fighting boys. We know that these men have not given up other tasks to take up arms against the Huns for mere adventure but for the love of the Empire and future freedom.

In a recent edition, we gave the names of Clyde Frey, Lance Sgt., and Corp. F. H. Taylor, who were given military medals for heroic display during the heavy fighting in early June. Every man on the Roll of Honor is a hero, and they all have the motto to win a medal and we will undoubtedly hear of more of the boys from this district being decorated for valor.

National Advertisers Recognize Oyen News as Efficient Medium

Cook Bros. and Allen, who are one of the largest tailoring firms in Eastern Canada are now advertising their famous "Art Clothes" in our columns. The advertisement says that the Oyen Clothing Company is their agents for Oyen and territory.

Cook Bros. and Allen are national advertisers, and it will not be long until other national advertisers recognize the Oyen News as the paper that covers this territory like a blanket. This paper has about twenty-five hundred readers. Who's next?

Canada's New War Loan

Only a few weeks ago the Department of Finance advertised that Dominion War Loan would be issued in Sept. By purchasing a bond you will help to win the war and obtain for yourself an investment of the highest class yielding a most attractive rate of interest. The banks will accept applications for these bonds.

The issue price of war loan is 97½ bearing five per cent, maturing October 1st, 1921. The principal and interest will be payable in gold. The amount of the issue is one hundred million dollars.

This loan is authorized under Act of Parliament of Canada, and both principal and interest will be a charge upon the Consolidated Revenue Fund. This money will be used for war purposes only.

The Derivation of Khaki

Dr. Sunder Singh, the well-known Hindu student at Toronto has this to say about the origin and pronunciation of the word Khaki.

"The word khaki is a Hindu word, that language being the lingua franca of India." It is like so many other English terms, adopted from India. The khaki is derived from khak, meaning earth. This khaki in the original Hindi means of the earth color—a cloth dyed in that color, being the dress of Rajputs, the military cast of India. This earth color resembles very closely the soil of the Punjab plains, and is therefore a great protection. In Hindi the letters 'kh' have the same sound as the Scotch 'ch' in Loch. There is no sound of r in khaki as it is pronounced here.

Our Boys at The Front and The Oyen News

You have undoubtedly read the Honor Roll. There are only about fifteen of the soldiers that receives the Oyen News, out of a list of about one hundred forty. Do you not think that some of those other boys' hearts could be gladdened, if you had the home paper sent to them? While they are doing our fighting at the front, we should, at least, show our appreciation by having the local paper sent to them. Every letter that comes from the front, usually contains a statement regarding how glad they are to receive news from home. Have the Oyen News sent to one of the lads today!

Inclemency of the Weather Hinders Harvesting

Until yesterday, the weather man has been giving us the finest weather that he had at his disposal, when it began to rain.

The farmers are optimistic, altho conditions have not been favorable for a bumper crop as in 1912, the high price of wheat this year will cause the producer to get as big a return as he did years. In a short time after the weather clears, the cutting will again commence except where the land is very heavy.

News from Here and There

Sir George Foster says that Canadians too, must submit to compulsion, if necessary to win the war.

The second anniversary of the battle of the Marne was observed throughout France last Sunday. The women of Saskatchewan are going to have the privilege of voting on the liquor question in December.

Union men in New York are going to strike, this includes the printers also. Don't worry you will get the home paper next week.

A dance was given last Friday at Hill Schoolhouse. The crowd appreciated the music furnished by Mr. and Mrs. Carr. The guests of honor were the Misses Carr, of Saskatoon, and Ptes. Geo. and F. E. Carr, of Camp Hughes.

Seed Grain and Potato Samples

By instructions of the Hon. Minister of Agriculture a distribution of superior sorts of grain and potatoes will be made during the coming winter and spring to Canadian farmers. All samples will be sent free by mail.

Only one sample of grain and potatoes can be sent to each farm, as the supply of seed is limited. Requests received after the end of December will probably be too late.

Anyone desiring a sample should write (post free) to the Dominion Cerealist, Experimental Farm, Ottawa, for an application blank.

expenses and bigger profits.

Bear in mind that the OilPull is the only tractor that will successfully burn kerosene and cheaper oil fuels at all loads, under all conditions—all the time.

The OilPull, through deep plowing and thorough soil working, is increasing crops for a great many Dixie owners—in some cases doubling them. Burning kerosene, the OilPull adds this increase to your bank account at the lower possible cost.

A more dependable tractor than the OilPull can't be bought and you will find it able to take care of all your power jobs, whether draw-bar or belt. Two sizes, 15-20 and 30-60 horsepower.
